Official Notice of Student Charges – Academic Year 2022-2023

Howard University hereby announces the tuition rates, housing rates, meal plan rates, and student fees for the 2022-23 Academic Year.

In announcing the student charges for the academic year, Howard University wishes to emphasize that Howard's tuition remains low compared to other private universities in the D.C. region and compared to other similarly ranked private universities in the U.S. overall. Student charges at Howard also compare favorably to student charges at other Historically Black Colleges and Universities (HBCUs).

This notice details all the approved tuition rates and other student charges that have been approved and/or re-affirmed by Howard University's Board of Trustees.

For the 2022-23 academic year, the Board has approved the following changes in student charges:

- A 7.5% increase in undergraduate tuition
- A not-to-exceed 15% increase for the opt-out Student Health Insurance Fee, pending final rates to be provided by United Health Care.
- School-specific tuition and fees adjustments as listed herein
- An average 3% increase in housing rates
- An average 3.5% increase in dining rates

All other student fees, including school and course-specific fees, have been reaffirmed.

The undersigned hereby certify that the tuition rates and student charges set forth herein were duly adopted or re-affirmed by the Board of Trustees of Howard University at its meetings on November 6, 2021, or at previous meetings of the Board.

Official Notice of Student Charges – Academic Year 2022-2023

1 Tuition and Enrollment Related Fees – General Information

1.1 Pricing

Tuition is based on (a) the enrollment status of the student, (b) the semester, and (c) the school or college attended.

1.1.1 Enrollment Status

- Full-time status is when a student is enrolled in a minimum of 12 credits in the fall AND spring semester.
- Part-time status is when a student is enrolled in less than 12 credits in the fall OR spring semester.

1.1.2 Semesters

Tuition is based on the semester, and the student's enrollment status.

- For full time students: a flat rate tuition is charged. Included in the tuition is a total of 42 credits that may be taken throughout the academic year, which includes the fall, spring, and (if eligible) summer semesters.
 - For the fall and spring semesters: tuition covers between 12 – 21 credits. Credits taken above the maximum of 21 credits are charged an additional amount, based on the full-time excess credit rate.
 - For summer semester:
 - If a student qualifies for the STAGE award, up to 6 credits are included, based on payment in full of full-time fall and spring tuition, as well as other criteria set forth in the STAGE award program. Credits that are ineligible for the STAGE award are charged based on the summer semester credit rate.
 - If a student does not qualify for the STAGE award, then the summer semester credit rate is used per credit taken.
- For part time students:
 - For fall and spring semester: a part time credit rate is applied to credits taken.
 - For summer semester: a summer semester credit rate is applied to credits taken.

1.1.3 Application of Payments to Student Charges

When a student submits a payment to their student account, payments are applied in order based on a hierarchy of charges, as follows:

1. Tuition
2. Fees
3. Housing
4. Meal Plan
5. Parking
